Due to the close proximity to New York City, there have been minor delays in receiving emergency calls made on cell phones. They are asking all residents NOT to dial 911 from their cell phones. They ask that you program 914-738-0800 in your phones to contact the Fire Department for emergencies and 914-738-1000 for the Police Department. This number is a direct dial to the dispatch.

Pelham Middle School is a community for learners. We believe that all learners need to be rigorously challenged; that all learners need to be empowered with both the basic skills and the critical thinking ability that will enable them to become productive contributing members of a racially and culturally diverse, yet increasingly interdependent, world. We believe in the value of both individual effort and group cooperation. We believe that our school needs to be a safe, caring place of learning; a place that recognizes the unique value of each person who studies or works in our midst. We want to build and continually nurture a school climate that recognizes the importance of serious work and fun too; a school climate that delights in the wonder, energy, and excitement of students in the middle grades of their public education.
